Date	Description	Amount (s)	Balance (s)
08 Jul	Payroll credit: the Europa Ice Authority	+152,535	19,449,645
	The Europa Ice Authority's Titan office pays in days from a dock clock that runs slow against ours, so each remittance arrives early by the length of a long breakfast. The difference is reconciled every month and seldom mentioned. Ref. CIBT-3003-7748-6		
16 Jul	ATM withdrawal: Vancouver Sector	-172,800	19,276,845
	The Teller hands the cash across as if it were a letter. The machine, she says, counts faster than she does, and has never once been wrong about who you are. Ref. CIBT-3003-DA4E-2		
20 Jul	ATM withdrawal: Vancouver Sector	-259,200	19,017,645
	The machine at Vancouver Sector dispensed 3 Standard days and printed a receipt 0.989 short. Its log says the shortfall was rounding on its side, and the Bank has taken the machine's word for it, as it does for anything with a keypad. Ref. CIBT-3003-2F53-2		
22 Jul	Slippage fee (Vancouver Sector, 1 transfers)	-900	19,016,745
	The 30-day hold on these transfers follows from a question the Standards office has not yet answered: which of two clocks is the reference when both say so. Until it does, the Bank keeps the seconds and, as it says, is at peace with waiting. Ref. CIBT-3003-A85E-1		
28 Jul	Transfer to own account: Vancouver Sector	-604,531	18,412,214
	The enquiry fee for 40 documents was not raised, because the file was already open on the desk and nobody had to go and find it. The Bank charges for finding things, not for things that have been found. Ref. CIBT-3003-4687-5		
31 Jul	Interest at 3.90% APY	+62,715	18,474,929
	The Vancouver Sector office pays interest in days and bills in seconds, and the two have never once agreed where a month ends. Your credit has been settled on the nearest Earth second, which the local officer calls a truce. Ref. CIBT-3003-EF73-3
