Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

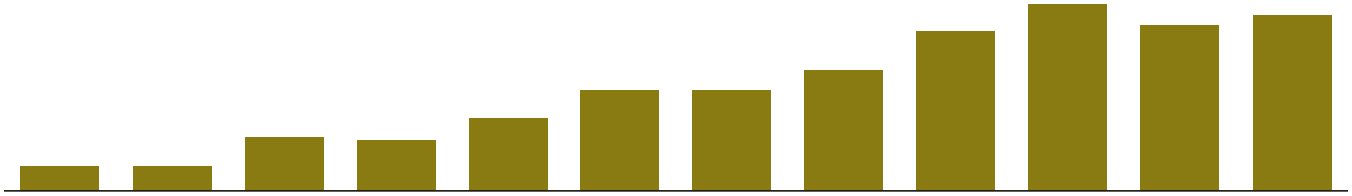

Opening balance	Credits	Debits	Closing balance
977,024,542 s	**+13,961,449 s**	**-4,076,489 s**	**986,909,502 s**

Date	Description	Amount (s)	Balance (s)
01 Aug	ATM withdrawal: Io	-172,800	976,851,742
	Taken on the day the Authority's notice took effect, so the fee was reckoned at the old rate and the withdrawal at the new. The Bank has recalculated both and applied the lower, as the notice requires. Ref. CIBT-3000-9584-3		
07 Aug	Mech Veterans' Time Pension	+1,718,866	978,570,608
	The Teller has noticed that the pension arrived on the day it was due. She says she has seen few pensions do so without being chased, and has put a small mark beside the line. Ref. CIBT-3000-4691-7		
11 Aug	Transfer to joint account	-3,605,706	974,964,902
	The joint statement last month showed the transfer to 8564-9719-9625 as coming from one holder alone. It came from both, in equal shares; the line has been divided and each holder's name restored to it. Ref. CIBT-3000-E145-8		
11 Aug	Turbulence Cover	-19,664	974,945,238
	You claim for every delay in whole minutes and never round up. The underwriters have begun to use your figures as the standard for the route, and say they are the only figures on the file that agree with the timetable. Ref. CIBT-3000-C463-9		
13 Aug	Temporal Health Plan	-18,819	974,926,419
	The officer who processed this claim notes that the physiotherapist's notes were legible, which the plan does not often receive, and that the handwriting was not the only thing about them that was unhurried. Ref. CIBT-3000-0FDD-9		
19 Aug	ATM withdrawal: Io	-259,200	974,667,219
	The Teller counted the notes twice at the window, once for you and once because you had asked how many there were. The figure was the same both times, which she describes as the only pleasant surprise of the morning. Ref. CIBT-3000-5293-6		
19 Aug	Deposit: Hall E	+2,324,975	976,992,194
	An unlabelled second was found in the envelope with your deposit and has been credited to the Bank's suspense account, which keeps such items for this purpose. Your deposit itself is credited in full. Ref. CIBT-3000-719F-6		
21 Aug	Payroll credit: Phobos Drydock	+6,009,510	983,001,704
	Asked whether the Phobos Drydock credit was the usual sum, the Teller said it was the usual sum for a depositor who had never yet asked for anything extra. Which of the two was unusual has been left on the file. Ref. CIBT-3000-1A5C-9		
26 Aug	Slippage fee (Io, 1 transfers)	-300	983,001,404
	When asked whether the 300 s was fair, the Teller said that it was the fee, which is not the same thing, and that no customer had asked them to explain the difference before. Ref. CIBT-3000-5C14-6		
31 Aug	Interest at 4.80% APY	+3,908,098	986,909,502

Date	Description	Amount (s)	Balance (s)
	"The interest is correct," the Teller says. "You may now stop checking it. You have checked it twice since you came in, and the second time I noticed you moving your lips." Ref. CIBT-3000-0BCB-2		

Closing balance, month by month

Highest 998,835,199 s · lowest 831,281,291 s

September 2999 — August 3000

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
