Date	Description	Amount (s)	Balance (s)
10 Aug	Payroll credit: St. Catherine Bakeries	+397,239	75,973,670
	Your pay was delayed 28 days because the employer's office was waiting for its own auditors, who were in another sector and expected to finish their session on the 10th. They finished, and the pay followed them. Ref. CIBT-3016-8FB1-3		
19 Aug	Slippage fee (Luna, 3 transfers)	-1,800	75,971,870
	You keep every slip from the relay in an envelope with the transfer's number on the front, and the envelopes now fill a drawer that the officer has asked you to empty. You have never asked whether the drawer is the Bank's. Ref. CIBT-3016-BAB2-9		
25 Aug	Transfer to own account: Luna	-5,283,006	70,688,864
	Exact coins, counted on the counter in rows of five, are how your sundries are paid, and the officer has stopped counting them back, on the understanding that the rows are the receipt. Ref. CIBT-3016-84F1-9		
28 Aug	ATM withdrawal: Luna	-259,200	70,429,664
	The machine at Luna rounds to the whole day as it dispenses and then, by a separate rule, rounds the account's share of the fraction to the nearest 60 seconds. The statement therefore carries two numbers where the cash carries one. Ref. CIBT-3016-C04C-6		
29 Aug	ATM withdrawal: Luna	-172,800	70,256,864
	The cash-time line of 172,800 at Luna was reduced by the machine to 2 Standard days before payment. The reduction is entered as a fee of nothing, and the auditors have queried the wording in writing. Ref. CIBT-3016-2E5D-2		
31 Aug	Interest at 4.80% APY	+302,305	70,559,169
	The posting of this interest was entered twice in the first run of the month, once from the branch and once from the relay's copy of the same close. The duplicate has been struck, and the account has not been paid twice for one period. Ref. CIBT-3016-08E5-8

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
