Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
531,834,453 s	**+4,894,461 s**	**-5,922,534 s**	**530,806,380 s**

Date	Description	Amount (s)	Balance (s)
08 May	ATM withdrawal: Mars Station	-172,800	531,661,653
	The machine at Mars Station was found to be holding 0.940 sol more than its log showed, which the Committee has entered as stock. The surplus was counted, sealed and returned to the tray, and the log has been amended to agree with it. Ref. CIBT-3003-DDEE-2		
12 May	Transfer to own account: Mars Station	-3,455,411	528,206,242
	A note from Interworld Post, asking that an earlier payment be treated as a loan, was filed as a sundry item. The Bank treated it as a payment, and Interworld Post has not mentioned it since. Ref. CIBT-3003-F56F-5		
17 May	Slippage fee (Mars Station, 4 transfers)	-1,200	528,205,042
	The Mars leg shown on the last statement was a route that does not exist. The leg has been moved to the correct crossing and the fee restated. Ref. CIBT-3003-B071-6		
18 May	Payroll credit: Interworld Post	+3,476,236	531,681,278
	No fee on this credit. It arrived at Hall E in a sealed envelope from the Interworld Post office, and the Bank does not charge for paper that has come the long way round. Ref. CIBT-3003-1062-9		
23 May	ATM withdrawal: Mars Station	-172,800	531,508,478
	Your 2 Standard days was dispensed at Mars Station and posted here after the relay had carried the notice across, which took 28 days. The machine had paid it out the same afternoon, and nobody on either side was in a hurry. Ref. CIBT-3003-6FF7-7		
29 May	Transfer to joint account	-2,085,742	529,422,736
	The joint payment was read aloud at the counter before it could be acted on, as the rules require for an account opened in 2999. The reading took the officer an hour, and the holders thanked her for both the reading and the hour. Ref. CIBT-3003-5FCB-4		
29 May	Temporal Health Plan	-34,581	529,388,155
	For the auditors: the physiotherapy claim on this line was checked against the appointment book, the appointment book against the clinic's kettle log, and the kettle log against the physiotherapist's own diary. The three agree to the hour. Ref. CIBT-3003-BD43-5		
31 May	Interest at 3.20% APY	+1,418,225	530,806,380
	The period's rate was rounded to the nearest quarter of a percent in the posting, and on this balance the difference comes to 35 seconds, which the Bank has credited to you without being asked. Ref. CIBT-3003-DD45-9

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
