Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
2,048,191,646 s	**+8,363,449 s**	**-137,970,237 s**	**1,918,584,858 s**

Date	Description	Amount (s)	Balance (s)
01 May	Temporal Health Plan	-39,375	2,048,152,271
	A claim filed on the 1st shows a session three days earlier than the day you attended. The provider's ledger runs on a clock set ahead of ours, and the plan now prints both dates on the face of the statement. Ref. CIBT-3005-DD88-8		
05 May	ATM withdrawal: Bronx Sector	-172,800	2,047,979,471
	The relay kept your request for 28 days, since the relay's rule is that a round sum must wait a day before it is trusted. Yours was round. Ref. CIBT-3005-F8C2-3		
08 May	ATM withdrawal: Bronx Sector	-259,200	2,047,720,271
	The withdrawal was made at the Montréal Sector Transit office at Bronx Sector, from a machine installed for the company's own staff. The company was billed the fee and declined it, and the Bank has written the line off rather than argue the point with a staff canteen. Ref. CIBT-3005-8B44-6		
11 May	Transfer to own account: Bronx Sector	-137,498,562	1,910,221,709
	The sum divided by two left a second over, which the two officers settled by agreeing that it belonged to neither. It has been posted to the suspense line, where it keeps company with several others of the same kind. Ref. CIBT-3005-B65D-1		
22 May	Slippage fee (Bronx Sector, 1 transfers)	-300	1,910,221,409
	Slippage is worked out to the nearest tenth and then rounded again to the nearest whole second on the statement. Both roundings are recorded, and the charge is taken on the second, which is the rule and not a choice. Ref. CIBT-3005-71FC-1		
31 May	Interest at 4.90% APY	+8,363,449	1,918,584,858
	Asked whether the rate was the right rate, the Teller said that she had not chosen it, had not been consulted, and had been reading it out for years with no sign of its objecting. She then read it out. Ref. CIBT-3005-C985-3		

Closing balance, month by month

Highest 2,138,488,626 s · lowest 1,532,180,539 s

June 3004 May 3005

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
