Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
1,831,188,946 s	**+17,109,793 s**	**-191,981,467 s**	**1,656,317,272 s**

Date	Description	Amount (s)	Balance (s)
01 Aug	Temporal Health Plan	-29,788	1,831,159,158
	You renew the plan's cover on the first working day of the year, a day early, and the plan's officer has noted the early renewal on your file each year in the same words. The words have not changed, and neither have you. Ref. CIBT-3008-2B51-1		
04 Aug	ATM withdrawal: The Belt	-86,400	1,831,072,758
	The machine pays out in whole units of shift and keeps the fraction, which is returned to the account at the next close. On the 4th the fraction was 0.955 shift, and it has been added to your balance. Ref. CIBT-3008-7BC7-6		
12 Aug	Payroll credit: Montréal Sector Transit	+9,632,439	1,840,705,197
	For the auditors: the Montréal Sector Transit wages on this line were compared with the remittance advice, the employer's ledger and the Bank's own posting, and all four show the same sum to the second. The auditors asked why this was worth noting, and the answer is in the file. Ref. CIBT-3008-928C-3		
23 Aug	Transfer to own account: The Belt	-191,778,879	1,648,926,318
	A charge of 191,778,879 listed as a transfer to Xan Bellweather was in fact a transfer to Xan Bellweather's account at The Belt, which is a different account. The Bank has written to that holder, who replied that the sum was unexpected and welcome. Ref. CIBT-3008-D49F-0		
26 Aug	ATM withdrawal: The Belt	-86,400	1,648,839,918
	The machine at The Belt dispensed One Standard day and printed a receipt 0.969 short. Its log says the shortfall was rounding on its side, and the Bank has taken the machine's word for it, as it does for anything with a keypad. Ref. CIBT-3008-27CE-4		
31 Aug	Interest at 4.90% APY	+7,477,354	1,656,317,272
	The statement fee has been waived. A second was short on this credit and was supplied from the rounding reserve, and the Bank does not bill a depositor for the reserve's arithmetic. Ref. CIBT-3008-5AED-8		

Closing balance, month by month

September 3007 August 3008

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
