Period 1–30 June 3014
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
851,254,022 s	**+141,312,854 s**	**-300,496 s**	**992,266,380 s**

Date	Description	Amount (s)	Balance (s)
01 Jun	Slippage fee (Io, 3 transfers)	-900	851,253,122
	The Teller has checked the slippage twice and got the same figure both times, which is the only thing she is prepared to say about it. The fee is 0.30 s per Standard day, as before. Ref. CIBT-3014-1693-1		
02 Jun	Payroll credit: Montréal Sector Transit	+9,632,439	860,885,561
	Io keeps the wage for its workers in a cabinet on the platform and releases it to the Bank by the same train that brings the post. The train is late more often than the wage, and the wage has never once been early. Ref. CIBT-3014-FC9B-0		
20 Jun	ATM withdrawal: Io	-259,200	860,626,361
	Cash taken at Io came out in cycles and was counted by the machine's own sensor, which keeps a second reckoning. The Teller has compared the two and reports that they agree, and that the sensor was embarrassed to be asked. Ref. CIBT-3014-4D6A-9		
20 Jun	Temporal Health Plan	-40,396	860,585,965
	Your physiotherapy is raised on the 20th of each month and paid on the day it is raised, so the plan's ledger records a session a little before it happens. The plan describes this as the most cheerful entry in its books. Ref. CIBT-3014-D4F6-4		
23 Jun	Deposit: Hall E	+128,204,462	988,790,427
	Montréal Sector Transit's runner brought this deposit from the payroll office and was asked to wait at the counter. He declined, saying the envelope was his only errand, and his receipt has been filed with the slip. Ref. CIBT-3014-E439-9		
30 Jun	Interest at 4.90% APY	+3,475,953	992,266,380
	Interest is paid to the second at the close of each day. A day that ends on the stroke of midnight is treated as ending one second early, and the figure was checked in pencil, beside the printed figure to make sure. Ref. CIBT-3014-DCA1-9		

Closing balance, month by month

July 3013 June 3014

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
