Period 1–30 November 3023
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
1,640,497,505 s	+120,908,237 s	-380,004 s	1,761,025,738 s

Date	Description	Amount (s)	Balance (s)
01 Nov	New Time™ exchange	+19,121	1,640,516,626
	The recall rate is posted in the window in cycles and read aloud in local hours, and the two readings were 10 seconds apart on the day of your exchange. The office took the lower, and asks that you not repeat the higher to the window. Ref. CIBT-3023-9D67-4		
03 Nov	ATM withdrawal: Titan	-259,200	1,640,257,426
	The posting was held 29 days because the receipt paper at Titan had to be counted. The count then had to be declared correct by someone who had not been present for it. Ref. CIBT-3023-AE40-4		
13 Nov	ATM withdrawal: Titan	-86,400	1,640,171,026
	The machine at Titan is serviced only in the local dark, when the concourse is closed to everyone but the custodian. She reports that it asked for her name and then thanked her for giving it. Ref. CIBT-3023-F15D-0		
13 Nov	Temporal Health Plan	-34,404	1,640,136,622
	At Titan the plan's office sits above a market, and claims are carried up each morning in a basket. Yours came up with two apples on top and was paid in full, the apples being outside the schedule and the claim being inside it. Ref. CIBT-3023-0576-0		
16 Nov	Deposit: Hall E	+104,557,979	1,744,694,601
	This line was entered twice last month, once from the slip and once from your own copy, both dated the 16th. The second has been struck. Your copy was right too, and has been kept with the statement. Ref. CIBT-3023-D3D4-9		
24 Nov	Payroll credit: Montréal Sector Transit	+9,632,439	1,754,327,040
	No slippage was charged on the Montréal Sector Transit remittance, because the sending desk and Hall E draw on one clock. A crossing that never happens cannot be billed, and nobody has tried. Ref. CIBT-3023-51F1-1		
30 Nov	Interest at 4.90% APY	+6,698,698	1,761,025,738
	The posting of this interest was entered twice in the first run of the month, once from the branch and once from the relay's copy of the same close. The duplicate has been struck, and the account has not been paid twice for one period. Ref. CIBT-3023-D8E6-7		

Closing balance, month by month

Highest 2,120,752,274 s · lowest 1,578,820,196 s

December 3022 — November 3023

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
