Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
1,032,418,839 s	**+110,012,754 s**	**-476,435 s**	**1,141,955,158 s**

Date	Description	Amount (s)	Balance (s)
01 May	Temporal Health Plan	-42,635	1,032,376,204
	The premium for the last quarter was printed with its decimal point in the wrong place by the plan's printing office, which has apologised in writing and, in one place, in capitals. The sum you paid was correct, and the statement now shows it correctly. Ref. CIBT-3029-5AF9-1		
04 May	ATM withdrawal: Venus	-259,200	1,032,117,004
	The machine at Venus was taken out of service for the Authority's inspection, and the withdrawal on the 4th was posted 31 days later, when the machine was returned. The Bank has noted the inspection and the withdrawal, and has paid no interest on the wait. Ref. CIBT-3029-069A-0		
07 May	ATM withdrawal: Venus	-172,800	1,031,944,204
	The line for the 7th named Venus as the place of withdrawal. The machine was in fact at Hall E, one concourse away. The statement now gives the correct place, and the concourse board has been checked against it. Ref. CIBT-3029-30CC-9		
14 May	Slippage fee (Venus, 6 transfers)	-1,800	1,031,942,404
	The Venus relay reckons your transfers in days, the Head Office converts them at the posted rate, and the fee is then charged once, in seconds. The two readings are not allowed to disagree, and on this statement they do not. Ref. CIBT-3029-2749-0		
15 May	Deposit: Hall E	+96,164,605	1,128,107,009
	Two signatures are on the envelope and a third on the slip, in an order the counter has never seen before. The auditors have checked each against the register and have found all three to be the holder's own, though one of them is a little more hurried. Ref. CIBT-3029-EAEE-8		
21 May	Payroll credit: Montréal Sector Transit	+9,632,439	1,137,739,448
	Montréal Sector Transit pays its crew at Venus in the dock's own hours, which the local office counts from each lock cycle. The Bank converts the hours into Standard seconds on arrival and does not ask the lock to explain itself. Ref. CIBT-3029-2079-6		
31 May	Interest at 4.90% APY	+4,215,710	1,141,955,158
	No fee is taken on interest paid out by mistake and returned by the same mistake the following morning, since the Bank regards a mistake that repays itself as having earned its keep. Ref. CIBT-3029-FD9E-0

June 3028 May 3029

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
