Standard Time Deposit

Dov Oyelaran
Unit 347, Pallas Ring 10

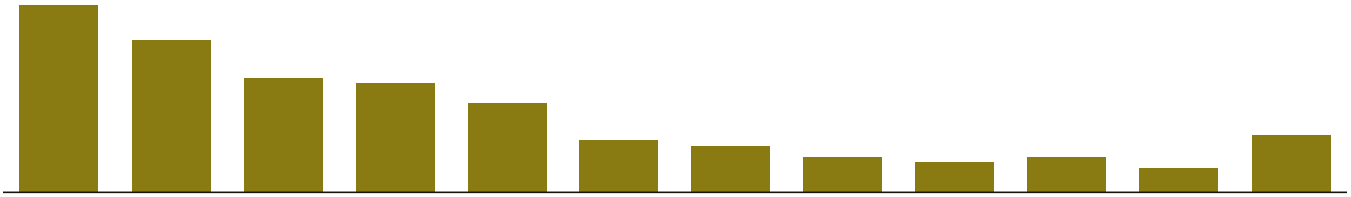

Account 8564-1663-0973
Period 1–31 December 3000
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
188,497,625 s	**+12,378,878 s**	**-944,661 s**	**199,931,842 s**

Date	Description	Amount (s)	Balance (s)
05 Dec	Slippage fee (Mars Station, 9 transfers)	-8,100	188,489,525
	Two clocks, each read by two officers and each found to agree with itself, produce the slippage on the 5th crossing. The Bank can show where the difference was recorded. It cannot show why it chose that day. Ref. CIBT-3000-82C4-0		
13 Dec	Transfer to joint account	-677,361	187,812,164
	Transfers into the joint account are rounded to the whole sol on arrival and to the next whole minute on departure. The 0.966 between them is credited to the holders together, in equal shares that do not divide. Ref. CIBT-3000-DB8E-4		
18 Dec	ATM withdrawal: Mars Station	-86,400	187,725,764
	A customer asked the Teller on the 18th whether the machine at Mars Station would keep working if the Bank closed. The Teller said it would, and that it had been working for 6 years before the Bank was open to anyone. Ref. CIBT-3000-C183-8		
21 Dec	ATM withdrawal: Mars Station	-172,800	187,552,964
	The withdrawal was rounded to the nearest five seconds at the machine and to the nearest second at the branch. The Bank has credited the 2,100 seconds between the two to your account without comment. Ref. CIBT-3000-48E1-1		
22 Dec	Payroll credit: the Ceres Ring Assay Office	+1,128,936	188,681,900
	The Ceres Ring Assay Office pays in arrears, on a schedule its own office describes as "when the ledger closes". This credit is for the period before last. It is shown on the date it arrived, which is the only date the Bank can vouch for. Ref. CIBT-3000-6F22-9		
24 Dec	Deposit: Hall E	+10,605,909	199,287,809
	You check your own deposits before you hand them over, and the figure is always the figure the Teller reaches. The Teller considers this a habit worth encouraging, and has never said so aloud, in case you took it as a suggestion to stop. Ref. CIBT-3000-C8D5-9		
31 Dec	Interest at 4.10% APY	+644,033	199,931,842
	You ask each year whether the interest can be paid in the coin of the day it was earned. The Teller explains each year that it is a figure, not a coin. You have said you will ask again next year, and you do. Ref. CIBT-3000-C459-4

January 3000 December 3000

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
