Date	Description	Amount (s)	Balance (s)
18 Aug	Slippage fee (Venus, 5 transfers)	-4,500	42,046,647
	Your 5 transfers waited 28 Standard days at the Venus relay, which had decided to hold all crossings until its clock had been checked against a second clock. The second clock was found in a drawer, the transfers were released, and the fee is charged for the crossings and not for the drawer. Ref. CIBT-2994-47F9-0		
29 Aug	Deposit: Hall E	+65,195	42,111,842
	The Lagrange Four Commissary delivers its deposits in a van that stops at the back door, not the front, and waits there until the counter opens. The van has been waiting since 2989, and the counter has not once been late for it. Ref. CIBT-2994-BE34-4		
31 Aug	Interest at 3.50% APY	+122,649	42,234,491
	Part of the interest waited at the Venus relay while the local office explained that its own day had been split in two for a festival. The second half had to be counted from the first. Ref. CIBT-2994-D69F-5
