Date	Description	Amount (s)	Balance (s)
03 Jul	Transfer to own account: Venus	-463,890	20,303,980
	The sundry was entered in the same pen as the one before it. The officer at Hall E records this as a coincidence, and the ink, which is the same ink, as a habit. Ref. CIBT-3000-5D16-9		
04 Jul	ATM withdrawal: Venus	-172,800	20,131,180
	The Venus machine asked for a second signature, which you gave, and then asked for a third, which you did not. The man on the concourse says the third is optional and that most customers find it so. Ref. CIBT-3000-AA9F-2		
19 Jul	Slippage fee (Venus, 5 transfers)	-4,500	20,126,680
	A waiver for the slippage on 5 transfers appears on this statement because the auditors asked for one, having found no other way of accounting for the seconds. Ref. CIBT-3000-7908-1		
22 Jul	Payroll credit: the Europa Ice Authority	+157,317	20,283,997
	A credit for 29 days of overtime was printed above your regular pay. It has been moved below it, where the employer's own advice shows it. The total is unchanged; only the order was wrong. Ref. CIBT-3000-64C6-2		
27 Jul	ATM withdrawal: Venus	-259,200	20,024,797
	The withdrawal shown on the 27th was booked a day after it came out of the machine, so its figure has been moved back to the day it was made. Nothing else on the statement has changed, and the difference is shown in the correction column. Ref. CIBT-3000-0A67-7		
31 Jul	Interest at 4.20% APY	+72,687	20,097,484
	A correction to the 31st line: the figure was copied from last period's worksheet, which had been pinned to the wrong month. The difference is 42 seconds, credited with the next line, and the sum was checked with a ruler, the ledger's columns having been pencilled over before it was posted again. Ref. CIBT-3000-51BE-2
