Date	Description	Amount (s)	Balance (s)
03 Jan	Slippage fee (Io, 9 transfers)	-8,100	18,867,665
	You sent each transfer by the same relay on the same afternoon. The relay has learned to expect your fee and to set its own timekeeping by it. The auditors have asked whether the relay's timekeeping should be listed as a depositor's asset, and have been told it should not. Ref. CIBT-3003-6262-6		
08 Jan	Payroll credit: the Europa Ice Authority	+157,317	19,024,982
	The Europa Ice Authority pays its Io staff in cycles and the Bank's staff in seconds, and the two figures arrive on this statement side by side. The payroll office calls this fair, and the Bank has not been asked to say whether it is also tidy. Ref. CIBT-3003-4F26-4		
15 Jan	Transfer to own account: Io	-357,894	18,667,088
	This item was posted twice on the 15th: once at the counter and once at the night safe, which had not been told the envelope was already open. One of the two has been struck. You may keep the other, and the officer asks that you do not try to keep both. Ref. CIBT-3003-AB55-5		
23 Jan	ATM withdrawal: Io	-259,200	18,407,888
	A withdrawal made on the 23rd was not posted until 29 days later, because the machine at Io had been serviced and its ledger carried away to be read by hand. The custodian who read it reports that the figures had been right all along; the machine had simply not been asked. Ref. CIBT-3003-4781-0		
31 Jan	Interest at 4.20% APY	+66,065	18,473,953
	The charge for withdrawing interest on the day it posts has been waived, since the posting and the withdrawal reached the counter in the same second and the officer could not decide which came first. Ref. CIBT-3003-A85F-2
