Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
14,694,312 s	**+208,747 s**	**-1,154,157 s**	**13,748,902 s**

Date	Description	Amount (s)	Balance (s)
03 Jan	Payroll credit: the Europa Ice Authority	+157,317	14,851,629
	The wage from the Europa Ice Authority was kept for 30 days in the checking room while the Bank established whether a month of that world had thirty days or thirty-one. It had thirty. The wage was released, and the extra day's interest has been paid. Ref. CIBT-3006-8600-7		
08 Jan	ATM withdrawal: Svalbard	-259,200	14,592,429
	Standing withdrawal of 3 Standard days at Svalbard on the 8th, carried to 8564-6228-7108 by the same clerk, who has done so since 3004 and has never once been asked whether the arrangement is still needed. Ref. CIBT-3006-FF9D-6		
23 Jan	Transfer to own account: Svalbard	-805,557	13,786,872
	You keep the carbon of each sundry slip in its own envelope and bring the envelopes in on the last day of the quarter, each labelled with the day its first slip was raised. The officers have stopped reading the labels and say only "yes, that one." Ref. CIBT-3006-CF6D-0		
26 Jan	ATM withdrawal: Svalbard	-86,400	13,700,472
	Replacing the machine at Svalbard on the 26th changed its unit: the new one counts in days where the old one counted in halves. Your withdrawals before and after the change have been converted at the rate of the day, and the total is unchanged. Ref. CIBT-3006-F08B-1		
28 Jan	Slippage fee (Svalbard, 5 transfers)	-3,000	13,697,472
	The transfer was late because the clerk who signs for crossings at Svalbard was away for the local festival. The whole station observes it, and nobody in particular is responsible for it. Ref. CIBT-3006-C974-2		
31 Jan	Interest at 4.20% APY	+51,430	13,748,902
	The Teller reads the figure once, then again, and says the second reading was for her own benefit and not yours. Ref. CIBT-3006-06AE-7

February 3005 January 3006

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
