Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
13,261,793 s	**+549,694 s**	**-518,400 s**	**13,293,087 s**

Date	Description	Amount (s)	Balance (s)
09 Feb	ATM withdrawal: Venus	-259,200	13,002,593
	The request at Venus was held 29 Standard days because the local office had shut its doors for a festival that began before you asked. Nothing was moved in the meantime, and the sum is the one you named on the day you named it. Ref. CIBT-3011-D7A2-5		
11 Feb	Deposit: Hall E	+345,961	13,348,554
	The officer found the flap held shut with a length of narrow tartan ribbon and nothing else, and has entered the sum under the deposit's reference in case the twine was meant to be counted. Ref. CIBT-3011-C4E0-3		
14 Feb	Payroll credit: the Europa Ice Authority	+157,317	13,505,871
	Paid at Venus, where the employer's office keeps its own sol and pays out at the first light of it. The wage reached Hall E on the 14th, as the employer intended, and was converted at the rate posted that morning. Ref. CIBT-3011-51CE-5		
17 Feb	ATM withdrawal: Venus	-259,200	13,246,671
	Auditors' query: why was the withdrawal of 3 Standard days recorded as cash when the receipt reads voucher? The machine was asked, and printed the receipt again, which still says voucher. Ref. CIBT-3011-00B3-0		
28 Feb	Interest at 4.20% APY	+46,416	13,293,087
	Auditors' note: monthly interest on 8564-1663-2136 was computed on the opening balance for 3 periods, as the rule requires, and on the closing balance for the periods since, as the custom does. The rule and the custom agree to the second, which the auditors describe as a relief. Ref. CIBT-3011-7D7C-2		

Closing balance, month by month

March 3010 February 3011

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
