Opening balance	Credits	Debits	Closing balance
12,175,642 s	**+275,547 s**	**-265,500 s**	**12,185,689 s**

Date	Description	Amount (s)	Balance (s)
07 Jul	Slippage fee (Oakland Sector, 7 transfers)	-6,300	12,169,342
	The fee is 6,300 seconds, and the Teller would like it noted that she has been paid in seconds for longer than in anything else, and does not feel the worse for it. Ref. CIBT-3015-7371-1		
09 Jul	ATM withdrawal: Oakland Sector	-172,800	11,996,542
	You have never drawn the same sum twice from the machine at Oakland Sector, though you draw from it every month. The officers have a theory about this and have agreed not to test it. Ref. CIBT-3015-243E-3		
12 Jul	ATM withdrawal: Oakland Sector	-86,400	11,910,142
	Your One Standard day was drawn at Oakland Sector carried the length of the hall by a nephew, and the receipt was printed in full before you had finished reading it. The sum is the one on the statement. Ref. CIBT-3015-FE18-5		
20 Jul	Deposit: Hall E	+75,616	11,985,758
	A bonus from the Europa Ice Authority came through the window on the 20th, dated three weeks earlier on the slip. The officers agreed that the date is the employer's affair and the money is yours, and credited it from the day it was counted. Ref. CIBT-3015-04A7-1		
22 Jul	Payroll credit: the Europa Ice Authority	+157,317	12,143,075
	The Europa Ice Authority pays by sending a receipt for the pay, which the Bank honours as a credit and files as a receipt for the receipt. The file is now 56 sheets thick, and nobody has asked for it to be made thinner. Ref. CIBT-3015-FCEA-2		
31 Jul	Interest at 4.20% APY	+42,614	12,185,689
	The Teller has written on the back of the copy, which is held with a paperclip rusted to the corner, that the figure was worked from the wrong morning's balance. She regrets the error, and the correct balance is shown here, with the sum it produces. Ref. CIBT-3015-ABCC-6

August 3014 July 3015

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
