Opening balance	Credits	Debits	Closing balance
14,576,401 s	**+222,614 s**	**-138,332 s**	**14,660,683 s**

Date	Description	Amount (s)	Balance (s)
01 Mar	ATM withdrawal: Singapore Sector	-86,400	14,490,001
	The withdrawal was made at Singapore Sector, which is on the far side of a day from the Hall E counter. It was posted on the evening of the day before, and the Bank has made the adjustment. You need not make one yourself. Ref. CIBT-3029-DA31-9		
26 Mar	New Time™ exchange	+14,280	14,504,281
	The conversion of 14,280 of New Time™ was rounded to the nearest 38 seconds, the rule that governs wages, although you have no wage on this account. The office describes the rounding as an oversight it has decided to keep. Ref. CIBT-3029-55BA-3		
27 Mar	Payroll credit: the Europa Ice Authority	+157,317	14,661,598
	A credit for 28 days of overtime was printed above your regular pay. It has been moved below it, where the employer's own advice shows it. The total is unchanged; only the order was wrong. Ref. CIBT-3029-84EB-9		
29 Mar	Transfer to own account: Singapore Sector	-51,932	14,609,666
	The second signature on the mandate was taken in pencil, which is not a signature, and had to be made again in ink. The officer, Uma Bracegirdle, did not bill the redoing; the Bank does not charge a holder for correcting its form. Ref. CIBT-3029-958F-2		
31 Mar	Interest at 4.20% APY	+51,017	14,660,683
	Interest on the 31st fell exactly on a half-second and was rounded toward whichever holder came next in the register. The officer keeps that rotation in pencil, and this time the pencil was in your favour, which the officer records without comment. Ref. CIBT-3029-B4C5-4

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
