| Date | Description | Amount (s) | Balance (s) |
|---|---|---|---|
| 09 Jun | Slippage fee (Tallinn Sector, 3 transfers) | -1,800 | 52,966,696 |
| | The crossing was held at the Tallinn Sector relay for 30 Standard days because the relay had been asked to show its clock to an auditor, and the auditor had asked to see it twice. Ref. CIBT-3013-AF0D-0 | | |
| 12 Jun | Transfer to joint account | -142,604 | 52,824,092 |
| | The statement shows a transfer of 142,604 twice, once on the 12th and again a week later. The second line was an error of the relay, which repeated the first. It has been removed, and the balance is as it was. Ref. CIBT-3013-6BF6-3 | | |
| 17 Jun | Turbulence Cover | -15,744 | 52,808,348 |
| | Turbulence claim, delay of 55 minutes on the Tallinn Sector crossing, paid in full. The carrier's log puts the delay at the start of the crossing and the branch's log at the end; the Bank has paid the mean of the two, and no one has disputed it. Ref. CIBT-3013-F6D4-3 | | |
| 25 Jun | Transfer to own account: Tallinn Sector | -1,408,595 | 51,399,753 |
| | Cloudport Aerostat Lines has asked that the sundry for your training course be treated as a company expense, which it is, and that your name be left off the slip, which it is not, because the Bank keeps names on slips. Ref. CIBT-3013-5079-2 | | |
| 30 Jun | Interest at 4.70% APY | +207,459 | 51,607,212 |
| | Your deposits are recorded at Hall E on the day they are made, and your interest is recorded at Hall E on the day it is earned. The two have never been confused, though the officers have been asked to check. Ref. CIBT-3013-AD2E-1 | | |

*Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.*
