Date	Description	Amount (s)	Balance (s)
10 Jan	Slippage fee (Oakland Sector, 3 transfers)	-2,700	9,294,374
	The crossing was entered 29 days late, because the relay's clock had been running on the far station's day for the whole week. The clock has been put back to ours, and the fee is charged on the day you sent the transfer, not the day the relay believed it was. Ref. CIBT-2991-E5AC-7		
14 Jan	ATM withdrawal: Oakland Sector	-86,400	9,207,974
	A machine at Oakland Sector paused for 4 minutes on the 14th while the relay considered a request made in good faith on an earlier day. The relay has since agreed the earlier day was correct, and has asked that the pause be entered as a pause. Ref. CIBT-2991-59C7-5		
15 Jan	Transfer to joint account	-55,688	9,152,286
	Oakland Sector keeps a different day from ours, so the joint transfer is posted there one day ahead and here one day behind. Both holders agreed to this at Hall E, where an officer explained it with a diagram that neither has since been able to fold. Ref. CIBT-2991-4D43-6		
22 Jan	Transfer to own account: Oakland Sector	-1,015,423	8,136,863
	You have bought the same sundry item at the Oakland Sector counter every 22nd for as long as the counter has stood there. Each time you ask for the receipt to be made out to yourself, though you are the only customer it could be made out to. Ref. CIBT-2991-8F80-3		
31 Jan	Interest at 3.90% APY	+30,215	8,167,078
	Audit note: interest on this account was accrued for 29 days at 3.90% and posted once, not every second, because the posting clock at Hall E runs in minutes. The Committee has asked for the seconds to be restored in the next audit, with the interest on them. Ref. CIBT-2991-1094-9
