Date	Description	Amount (s)	Balance (s)
16 Dec	Temporal Health Plan	-38,578	71,236,624
	The claim was held 31 days because the physiotherapist's notes went to Montréal Sector by mistake and had to be sent back by relay. The sessions were paid on the day the notes arrived, in full, and nobody was asked to wait for the second copy. Ref. CIBT-3017-BA68-4		
19 Dec	Mech Veterans' Time Pension	+333,255	71,569,879
	You have looked at the envelope's stamp for 7 years and never once at the sum inside, which the Office has decided to take as a sign of trust rather than of a poor memory for figures. Ref. CIBT-3017-A913-5		
27 Dec	Transfer to own account: Montréal Sector	-8,354,608	63,215,271
	The sundry shown as 8,354,608 on your last statement was the previous month's figure, carried across when the form was reprinted. The correct sum is 0.30 seconds. The difference has been credited on this line, and the line it replaces has been struck through so that you can see what it said. Ref. CIBT-3017-108D-4		
29 Dec	Payroll credit: Harbourfront Shipping	+1,028,618	64,243,889
	The employer rounds its deductions to the whole day and the Bank rounds the wage to the same unit, and the two roundings were found to disagree by 0.994. They have agreed to disagree, and the difference stays on the line. Ref. CIBT-3017-7821-3		
31 Dec	Interest at 3.50% APY	+207,886	64,451,775
	The page showing the 31st interest was bound in from a later edition of the schedule, which gives the rate a different place in the table. The schedule has been pulled and the page replaced; the sum stands, and the depositor is asked to keep the later edition, which is correct about everything except the page number. Ref. CIBT-3017-9F98-3
