Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
121,828,442 s	**+2,350,463 s**	**-742,582 s**	**123,436,323 s**

Date	Description	Amount (s)	Balance (s)
02 Jul	ATM withdrawal: Svalbard	-172,800	121,655,642
	The Lunar Freight Co-operative collects its staff's cash-time from the Svalbard machine on pay day, in a line that has grown since 2994 to the length of the concourse. The machine has said its turn will come, and the line has believed it. Ref. CIBT-2997-9F74-3		
07 Jul	Deposit: Hall E	+1,903,759	123,559,401
	The Lunar Freight Co-operative pays your wages in a single envelope at the start of each month, with its slip inside. The Bank has never been asked to explain the sum, and the slip is always more legible than the wages. Ref. CIBT-2997-C6B9-3		
12 Jul	Slippage fee (Svalbard, 8 transfers)	-7,200	123,552,201
	The Svalbard branch sets its counter clock to local midnight, so a transfer made after closing is dated the following day here. The fee runs from the moment of crossing, not from the date on the slip, and is charged on that basis. Ref. CIBT-2997-A489-9		
20 Jul	Transfer to joint account	-303,382	123,248,819
	The sum sent to 8564-8933-4289 on the 20th is the same as the first transfer made from this account in 2993. The holders have never changed it, and the officer keeps the original slip at the front of the file. Ref. CIBT-2997-01AC-8		
21 Jul	Memory Vault: box 88-977, quarter	-259,200	122,989,619
	The Lunar Freight Co-operative has asked to be listed as next of kin to box 88-977. The Vault has written to say that a box has no next of kin, only a next custodian, and that the firm may apply for the post in the usual way. Ref. CIBT-2997-BE2B-0		
31 Jul	Interest at 4.40% APY	+446,704	123,436,323
	The interest for 29 days was kept in the sleeve the Bank issues with its folders until the rate could be confirmed, and was then posted at the rate in force on each of those days. Nothing is owed on the wait, the interest having accrued to the account throughout. Ref. CIBT-2997-D409-4		

Closing balance, month by month

Highest 123,436,323 s · lowest 94,563,937 s

August 2996 July 2997

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
