Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
114,118,002 s	**+418,432 s**	**-2,360,680 s**	**112,175,754 s**

Date	Description	Amount (s)	Balance (s)
07 Aug	Slippage fee (Phobos, 1 transfers)	-600	114,117,402
	"Slippage" on your transfers this month was 0.30 s per crossing. You asked the Bank to explain it, and the Bank did. You have asked again. The Bank will explain it again, in the same words, and has added a note that the explanation is not a complaint. Ref. CIBT-3002-53C8-4		
11 Aug	Transfer to own account: Phobos	-2,056,698	112,060,704
	The year's sundries were added in whole seconds and rounded once, at the close of the 11th. Taken one at a time they were 0.986 short; taken together they came out right, which the auditors have agreed is the correct way round. Ref. CIBT-3002-A915-1		
28 Aug	Transfer to joint account	-303,382	111,757,322
	Funds for the joint account from Phobos arrive a day after the local office sends them, because the local day ends later than ours and the envelope is sealed at the end of it. Nothing is charged for the wait, which both holders have agreed is the right length. Ref. CIBT-3002-FE8F-2		
31 Aug	Interest at 4.40% APY	+418,432	112,175,754
	Interest is rounded to the nearest second when the balance is a whole number of sols, and up to the next second when it is not. The rule has applied since 2997, and no depositor has yet made it come out differently. Ref. CIBT-3002-6367-1		

Closing balance, month by month

September 3001 August 3002

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
