Date	Description	Amount (s)	Balance (s)
03 Jan	ATM withdrawal: Svalbard	-86,400	126,686,616
	Housed in a dome, the machine at Svalbard has a slot that freezes in the cold season. The branch has fitted a heater, and describes it in its records as a fixture. Your withdrawal was made after the thaw and posted without delay. Ref. CIBT-3003-F4C5-0		
06 Jan	Payroll credit: the Lunar Freight Co-operative	+505,638	127,192,254
	The credit from the Lunar Freight Co-operative, sent through Svalbard, was struck in days, rounded down to the whole, and converted at the rate posted for the day of the crossing. It was then kept in the cubby the second clerk keeps for odd sums until the local morning arrived. Ref. CIBT-3003-30DF-5		
26 Jan	Memory Vault: box 88-977, quarter	-259,200	126,933,054
	Rental paid in advance, in coins, which the counter counted twice. The second count matched the first, and the counter asks that nobody speculate about the bag. Ref. CIBT-3003-BF76-3		
26 Jan	Transfer to joint account	-303,382	126,629,672
	Each holder's share of the joint interest is rounded to the nearest second before the two are added together, so the total can differ from the figure on either counterfoil by one. The difference is carried under Balance Brought Forward. Ref. CIBT-3003-E86F-7		
27 Jan	Transfer to own account: Svalbard	-909,856	125,719,816
	The sundry slip was kept in a sleeve with a window cut in its front for the auditors, who asked to see it and returned it to the same place. It is correct, and the auditors have initialled the corner where they found it. Ref. CIBT-3003-C978-3		
31 Jan	Interest at 4.40% APY	+464,834	126,184,650
	You come to the window on the 31st of each month to see the interest before the Teller reads it, and the Teller has begun to read it a shade more slowly, so that you may be right first. Ref. CIBT-3003-C6DD-5
