Date	Description	Amount (s)	Balance (s)
04 Jul	Turbulence Cover	-25,445	73,034,629
	The claim waited 31 days while the underwriters decided whether a queue at a gate counted as weather. They decided that it did, and the claim was paid at the weather rate, which is lower and was the rate you were expecting. Ref. CIBT-3022-2C67-5		
08 Jul	Memory Vault: box 93-565, quarter	-259,200	72,775,429
	The second rent line on box 93-565 duplicated the first, a single payment entered in two columns. The custodian struck the second column, initialled it, and left the holder's balance as it was before the error. Ref. CIBT-3022-998D-7		
14 Jul	Deposit: Hall E	+16,907,285	89,682,714
	The Teller counted the deposit in silence. The silence was pleasant for both parties, and nothing further is to be entered about it. Ref. CIBT-3022-9931-3		
24 Jul	Payroll credit: Titan Methane Works	+1,098,812	90,781,526
	An entry on your previous statement, shown as a wage from Titan Methane Works, was a transfer from your own 8564-1663-6749 and has been reversed. The wage itself appears below, in full, and is the only one that belongs to this period. Ref. CIBT-3022-464D-5		
25 Jul	Slippage fee (L4 Habitat, 7 transfers)	-2,100	90,779,426
	Over 7 months you have never once asked why the fee is what it is. The officer has begun to explain it anyway, in case you change your mind, and you have not changed it. Ref. CIBT-3022-3F49-9		
31 Jul	Interest at 4.80% APY	+292,240	91,071,666
	The Teller reads the figure out in the voice she keeps for the weather. Asked whether it is good news, she says it is the same news as last month, which is how it is best received. Ref. CIBT-3022-D6B4-9
