Date	Description	Amount (s)	Balance (s)
06 Jul	Deposit: Hall E	+5,374,777	138,695,000
	The deposit was made by Titan Methane Works on the strength of a job you signed off on the 6th. Its office wrote to the Bank to say the job was finished and the sum was correct, and the Bank credited the sum on the day the letter was read. Ref. CIBT-3026-71A1-1		
11 Jul	Memory Vault: box 93-565, quarter	-259,200	138,435,800
	Auditors' sample: box 93-565 was among the 56 boxes drawn. Its contents were confirmed by the seal, not by the custodian, and the auditors have asked that future samples record which of the two was consulted. Ref. CIBT-3026-2BA0-2		
16 Jul	Slippage fee (Mars Station, 5 transfers)	-3,000	138,432,800
	The fee on this period was checked against the Open Ledger and agrees with it to the second. The Open Ledger's own rounding differs by one second on one line, which has been noted in the file and not corrected. Ref. CIBT-3026-6DCB-8		
23 Jul	Payroll credit: Titan Methane Works	+1,098,812	139,531,612
	Wages from Titan Methane Works crossed 4 clock boundaries on the way and arrived 31 Standard days late, though the clerk at Mars Station swears they left on time. The Bank has accepted the clerk's word and the arithmetic, which do not agree. Ref. CIBT-3026-9DD5-9		
27 Jul	Turbulence Cover	-12,501	139,519,111
	You filed two claims for one journey, the second being for the way back, which the policy treats as a separate event. The underwriter asks whether you intend to go back again, so that it can be covered in advance. Ref. CIBT-3026-C30B-5		
31 Jul	Interest at 4.80% APY	+533,280	140,052,391
	The reviewer's copy of this line reproduces to the second from the balance, the rate and the period. The reviewer has noted that the balance was never in doubt, and has asked for this to be written in the margin as a sign of good health. Ref. CIBT-3026-902B-4
