Date	Description	Amount (s)	Balance (s)
07 Oct	Memory Vault: box 93-565, quarter	-259,200	159,349,181
	"It's a quiet sort of rent," the Teller says, "the sort you forget to pay until the reminder comes, and then forget again on purpose." Ref. CIBT-3026-A62B-8		
09 Oct	Deposit: Hall E	+7,856,255	167,205,436
	Note for the auditors: a second, smaller slip was found folded inside the first, signed with the depositor's initials and no sum. The counter has treated it as a receipt for the larger slip, and asks the auditors to say whether it is one. Ref. CIBT-3026-2145-7		
23 Oct	Event II restoration adjustment	+36,022	167,241,458
	Event II restoration adjustment. Your account is in restoration group 35; groups are restored in the order the Task Force sets, and earlier groups may be adjusted again. Ref. CIBT-3026-48D2-9		
24 Oct	Slippage fee (Mars Station, 6 transfers)	-1,800	167,239,658
	A line for the 24th gave the crossing as complete when it was still in transit. The transfer finished the following day. The fee is for the crossing as it was, and the statement now shows the date it finished. Ref. CIBT-3026-8000-3		
25 Oct	Turbulence Cover	-7,844	167,231,814
	Paid at the policy rate, the 53-minute delay is the only one this journey has produced this year. A second holder aboard claimed for the same 53 minutes; that claim has been declined, and the manifest now says so. Ref. CIBT-3026-4F9F-2		
27 Oct	Payroll credit: Titan Methane Works	+1,098,812	168,330,626
	Net pay after deductions came to 1,098,812, rounded down to the whole sol. The deductions are printed in full above it, so that the rounding can be checked by anyone who wishes to, and very few do. Ref. CIBT-3026-BDF2-7		
31 Oct	Interest at 4.80% APY	+638,433	168,969,059
	The interest from Mars Station waited 30 days at the relay for a second opinion on whether it was yours to receive. The opinion came back in your favour, and the interest has been posted at the rate of the day it was earned. Ref. CIBT-3026-E21C-8

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
