Date	Description	Amount (s)	Balance (s)
04 Oct	Payroll credit: Titan Methane Works	+1,098,812	171,542,569
	The employer's office sent the wrong month's pay a month early, with a request that the sum be held until the right one arrived. The Bank held it, and the right one has now been posted under its correct date. Ref. CIBT-3029-31A5-4		
04 Oct	Transfer to own account: Venus	-7,614,024	163,928,545
	Charged by Venus, which bills for the paper a transfer is written on, counted in days, that being the unit paper is counted in on that world. The Bank has converted the charge into seconds and returned the remainder to the office with a covering note. Ref. CIBT-3029-7760-8		
07 Oct	ATM withdrawal: Venus	-86,400	163,842,145
	One Standard day withdrawn at the Automated Temporal Machine at Venus, paid out in whole days. The machine rounds each request down to the whole day and keeps the 0.973 that is left over on its own record, where it is never spent. Ref. CIBT-3029-13F5-9		
10 Oct	Memory Vault: box 93-565, quarter	-259,200	163,582,945
	The firm employing you asked for box 93-565 to be sealed in its own wax, which the Vault allowed once and has charged for by the gram ever since. The firm regards the charge as a fair price for being seen to be particular. Ref. CIBT-3029-1780-4		
19 Oct	ATM withdrawal: Venus	-172,800	163,410,145
	The withdrawal was put off until the machine had finished its quarterly self-check, which took 29 days and was started, on this occasion, the day before you asked. The cash was paid the moment the check passed. Ref. CIBT-3029-87C1-3		
25 Oct	New Time™ exchange	+7,069	163,417,214
	Titan Methane Works asks that its New Time™ be recalled by an officer who has never been paid in it. The Bank supplies one who has never been paid at all, which the firm regards as the nearest thing to an independent view. Ref. CIBT-3029-9960-2		
31 Oct	Interest at 4.80% APY	+681,775	164,098,989
	The interest falls due each month on the same afternoon, and you come down to the window to see whether it has been paid. It always has. The Teller now says "still" when she sees you, and you take it as a greeting. Ref. CIBT-3029-6F96-1		

Closing balance, month by month

Highest 202,544,890 s · lowest 164,098,989 s

November 3028 — October 3029

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
