Dario Blackwood
Unit 331, Pallas Ring 10

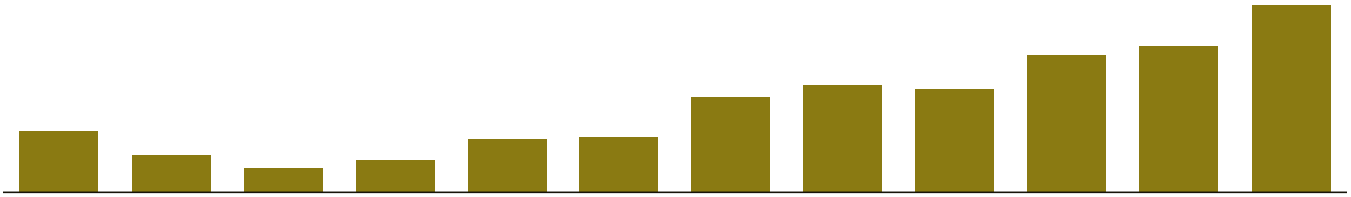

Account 8564-1663-6962
Period 1–30 June 3024
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
11,857,535 s	**+982,368 s**	**-188,264 s**	**12,651,639 s**

Date	Description	Amount (s)	Balance (s)
01 Jun	Deposit: Hall E	+810,333	12,667,868
	Deposits are rounded down to the nearest tenth of a Standard second before they are credited, and the fraction left over goes to the reserve line. Here the fraction was a small thing the reserve line has kept. Ref. CIBT-3024-8FB8-9		
04 Jun	Payroll credit: Belt Ore Consolidated	+127,570	12,795,438
	A wage paid in cycles is converted to whole seconds at the posted rate, and any fraction under one second is shown on the statement as a dash. Yours was a dash, which the statement treats as a complete figure and the rule treats as a question still open. Ref. CIBT-3024-A553-3		
17 Jun	Slippage fee (Io, 2 transfers)	-600	12,794,838
	A fee that falls on an exact half-second is charged to the holder on an even-numbered crossing of the month and not on an odd one, so the holder pays the whole second on one crossing and nothing on the next. Ref. CIBT-3024-C80D-0		
19 Jun	Transfer to joint account	-76,542	12,718,296
	You and Hollis Grisolm-Lindqvist have never once been seen to disagree in the queue at Hall E, which the officer suspects is because you agree the queue is too long and should be shorter. Ref. CIBT-3024-5FB6-4		
24 Jun	ATM withdrawal: Io	-86,400	12,631,896
	Your standing withdrawal of One Standard day is made at Io on the 24th of each month. The custodian arranges for the machine to be ready an hour before you arrive, and it always is. Ref. CIBT-3024-9749-2		
24 Jun	Turbulence Cover	-24,722	12,607,174
	Turbulence Cover claim settled: the carrier attributes a delay of 61 minutes to a storm over Io, which it says had been forecast before you booked. The Bank accepts that description, as the policy requires, and the claim is paid at the outbound time. Ref. CIBT-3024-2636-0		
30 Jun	Interest at 4.50% APY	+44,465	12,651,639
	The posted rate is set to two places and the interest to the nearest second, and the balance on the statement is then rounded to the nearest five hundred seconds for the reader's convenience. That is why the top line is always a little kinder than the one below it. Ref. CIBT-3024-7BED-9		

Closing balance, month by month

Highest 12,651,639 s · lowest 9,448,212 s

July 3023 June 3024

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
