Date	Description	Amount (s)	Balance (s)
08 Mar	Transfer to own account: Luna	-1,929,752	61,092,943
	The Luna desk raises its sundries in days and sends them to us in seconds. The conversion is made when the desk closes its books, some hours after our own have closed, and the 0.960 shown here is the difference as the desk calculated it. We have not improved on the desk's arithmetic. Ref. CIBT-2960-D31A-2		
11 Mar	Payroll credit: Harbourfront Shipping	+219,762	61,312,705
	The receiving fee on your Harbourfront Shipping pay was waived in the first month of the new contract, as the contract's schedule provides. It was waived again in the second, the Bank having run out of reasons to take it. Ref. CIBT-2960-B134-7		
18 Mar	Slippage fee (Luna, 8 transfers)	-7,200	61,305,505
	Harbourfront Shipping pays its slippage in advance on the first Monday of each quarter, a sum of 0.30 s held against the year's crossings. The advance has never been drawn on, and the firm has never asked for it back. Ref. CIBT-2960-4259-1		
18 Mar	Turbulence Cover	-8,625	61,296,880
	The Cover on this crossing was charged at the Luna rate, which is higher than the Hall E rate, because the route passes through sky the underwriters prefer to call lively. The premium includes an allowance for one good word, minuted and filed, which the underwriters have never been able to identify. Ref. CIBT-2960-D5AC-2		
31 Mar	Interest at 4.80% APY	+252,090	61,548,970
	The interest for the period was rounded to the nearest second, and the 0.985 left over was placed in the rounding account, where it will stay until the account is closed, which is not expected, or the branch is, which has been discussed. Ref. CIBT-2960-D50F-8
