Date	Description	Amount (s)	Balance (s)
01 May	ATM withdrawal: The Belt	-172,800	45,402,218
	Kaito Yardley signed the Belt slip on the 1st under the name of the machine. The Bank records this as a formality, and the machine, we are told, regards it as a courtesy. Ref. CIBT-2966-28DE-8		
06 May	Transfer to own account: The Belt	-568,994	44,833,224
	Sent from The Belt in shifts and carried on the local shuttle in a sealed case. The case was opened at Hall E with you present and its contents counted once, which is the custom for cases of this kind. Ref. CIBT-2966-1623-9		
14 May	Slippage fee (The Belt, 7 transfers)	-6,300	44,826,924
	The auditors reconciled these 7 crossings by computing slippage from the relay's clock at the sending end and the Head Office's at the receiving end. The two keep different time, and the difference is entered as a difference, not a loss, as in prior years. The auditors have asked for it to be sized to the second, and it is 0.30 s. Ref. CIBT-2966-B6D7-8		
26 May	Payroll credit: Harbourfront Shipping	+219,762	45,046,686
	Harbourfront Shipping paid its share through the Positive Contact counter at The Belt, in a unit the counter does not name. The counter asks that the sum be recorded in the unit of the wage itself, which is the only unit the Bank can read without asking. Ref. CIBT-2966-C719-3		
31 May	Interest at 4.80% APY	+182,300	45,228,986
	The interest on this account was calculated twice, once at the branch and once at the Head Office, and the two sums differ by about the width of a breath. The Head Office figure is posted. The branch has been asked to note the difference in its own ledger. Ref. CIBT-2966-0137-8

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
