Zola Cardew
Unit 47, Pallas Ring 10

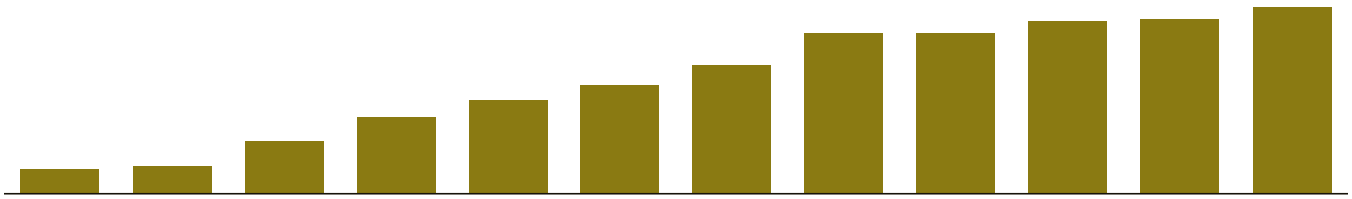

Account 8564-1663-7465
Period 1–31 December 2977
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
48,563,144 s	**+1,506,874 s**	**-259,800 s**	**49,810,218 s**

Date	Description	Amount (s)	Balance (s)
08 Dec	Slippage fee (London Sector, 1 transfers)	-600	48,562,544
	The reference on 1 transfers was keyed against another depositor's account and then corrected. The fee was not affected, but the statement has been reissued so that the wrong name does not appear on the copy you keep. Ref. CIBT-2977-EE61-8		
12 Dec	ATM withdrawal: London Sector	-86,400	48,476,144
	Each receipt from London Sector is taken without being read, folded in four, and put in the book where the others are kept. The officers asked to see the book once, and the request was declined, politely. Ref. CIBT-2977-AE1E-9		
16 Dec	Deposit: Hall E	+1,092,860	49,569,004
	The second officer initialled the slip before the Teller had finished counting. The Teller has minuted this as an indiscretion, in the same hand as the initials. Ref. CIBT-2977-FC84-2		
22 Dec	Payroll credit: Harbourfront Shipping	+219,762	49,788,766
	Harbourfront Shipping's auditors asked for these wages to be held for 30 days. The sum was held because the pension office had not yet posted its return, and has now been released with the posted interest for the period. Ref. CIBT-2977-41C0-3		
22 Dec	ATM withdrawal: London Sector	-172,800	49,615,966
	Standing withdrawals of this size have been made from London Sector on your behalf since 2973. The machine knows the sum by now, and the teller has taken to passing the slip across without being asked. Ref. CIBT-2977-715E-3		
31 Dec	Interest at 4.80% APY	+194,252	49,810,218
	The posted rate is rounded to the nearest tenth of a percent before it is applied, so 4.80% APY is in fact a little under the figure, and the account is treated as though it were exact. Ref. CIBT-2977-172E-0		

Closing balance, month by month

January 2977 December 2977

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
