Date	Description	Amount (s)	Balance (s)
08 May	Transfer to own account: Kepler Ring	-1,475,621	30,914,011
	Harbourfront Shipping has charged a sundry of its own to your account, on the understanding that you would be grateful for the chance to pay it. The firm holds no account with the Bank, and the sundry is paid in the name of a favour. Ref. CIBT-2990-FE11-9		
15 May	Slippage fee (Kepler Ring, 4 transfers)	-3,600	30,910,411
	The fee has been reduced by 1,200 seconds because the relay's clock was found to run ahead of the Head Office's by exactly that much. The relay has been asked to run behind it instead, which the Teller says will make the arithmetic more pleasant. Ref. CIBT-2990-E5C3-2		
16 May	ATM withdrawal: Kepler Ring	-172,800	30,737,611
	You take turns from the machine at Kepler Ring rather than from the counter, always the smallest denomination it offers. The officer at Hall E asked whether this is a preference or a principle. You said it was a habit, which is the same thing with less paperwork. Ref. CIBT-2990-6682-6		
21 May	Payroll credit: Harbourfront Shipping	+219,762	30,957,373
	A correction to last month's credit from Harbourfront Shipping. It was shown as received on the 21st, when it had arrived on the 21st of the month before, by the employer's clock. The earlier date has been removed and the sum left as it was. Ref. CIBT-2990-52A4-2		
24 May	ATM withdrawal: Kepler Ring	-86,400	30,870,973
	You draw One Standard day at Kepler Ring on the 24th of each month, and the receipt reads "as before." The machine has printed those two words since 2989, and you have never once asked it for more. Ref. CIBT-2990-A5D7-3		
31 May	Interest at 4.80% APY	+129,558	31,000,531
	The auditors compared the interest with the rate schedule for 2989 and found it followed. They then compared the schedule with the rate, and found that followed too, which they said they had not expected. Ref. CIBT-2990-F049-9
