Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
168,508,222 s	**+4,805,829 s**	**-117,618 s**	**173,196,433 s**

Date	Description	Amount (s)	Balance (s)
06 Mar	Slippage fee (Phobos, 1 transfers)	-300	168,507,922
	Your standing transfer, sent at the same hour on the first working day of each month, crossed 1 relays and paid 0.30 s in slippage, the same as every month since 2988. The officers have stopped expecting it to change, and so, largely, have you. Ref. CIBT-2989-83BE-2		
11 Mar	Payroll credit: Phobos Drydock	+1,294,582	169,802,504
	The credit from Phobos Drydock was rounded to the nearest five seconds rather than the nearest second, because its payroll office has always paid in fives and has never seen a reason to stop. The difference of 24 seconds is shown on the line below. Ref. CIBT-2989-E757-2		
22 Mar	Deposit: Hall E	+2,991,680	172,794,184
	Deposit at the Hall E counter, counted by the Teller and checked by a second officer. Ref. CIBT-2989-8D01-1		
25 Mar	Lyric Licensing Desk	-117,318	172,676,866
	On Phobos a licence is settled in sols by a local office that keeps its own register in its own hours, and the two registers are checked against each other at the end of each long day. They have agreed on every verse since 2987, which the local office describes as a matter of good manners. Ref. CIBT-2989-0523-2		
31 Mar	Interest at 3.70% APY	+519,567	173,196,433
	You ask to see the interest figure before the statement is printed, and the officer shows it across the counter with the pen still in hand. You nod, sign for the statement, and collect the same figure, a little later, in print. Ref. CIBT-2989-CE3D-5		

Closing balance, month by month

Highest 173,196,433 s · lowest 129,590,077 s

April 2988 March 2989

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
