Period 1–31 March 2991
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
181,239,563 s	**+558,821 s**	**-1,480,560 s**	**180,317,824 s**

Date	Description	Amount (s)	Balance (s)
09 Mar	ATM withdrawal: Vancouver Sector	-259,200	180,980,363
	You count the notes twice at the machine and once at the Hall E counter, and each time the total is the same. The officer reads this as thoroughness rather than anxiety, and has decided to keep the reading on file. Ref. CIBT-2991-9D79-0		
16 Mar	ATM withdrawal: Vancouver Sector	-172,800	180,807,563
	Cash-time withdrawal at Vancouver Sector. The machine's clock was 5 seconds behind the branch clock at the time, which is within tolerance; no adjustment has been made. Ref. CIBT-2991-20DF-9		
16 Mar	Slippage fee (Vancouver Sector, 9 transfers)	-2,700	180,804,863
	Every transfer you send carries a note asking whether it arrived, and the relay answers each one before you have finished writing it. You have never read the answer, only the time on it. Ref. CIBT-2991-6F00-3		
18 Mar	Lyric Licensing Desk	-57,680	180,747,183
	No fee is charged for registering a verse you have already registered under another name. The Desk recognised the verse by its shape, merged the two entries, and did not ask you to pay twice. Ref. CIBT-2991-467B-0		
18 Mar	Transfer to own account: Vancouver Sector	-988,180	179,759,003
	The sundry adjustment of 988,180 was agreed at the counter after a discussion of some length. The Teller's note records only that you were right, and that you were told so, which is the sort of entry the Bank would rather not have to make. Ref. CIBT-2991-965B-3		
31 Mar	Interest at 3.70% APY	+558,821	180,317,824
	The interest was credited a second early, on the strength of a clock at Vancouver Sector that the local office has since admitted was running fast. The early second has been taken back, and the sum is correct to the second. Ref. CIBT-2991-A5C3-9		

Closing balance, month by month

April 2990 March 2991

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
