Period 1–31 August 3020
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
550,509,574 s	**+4,040,810 s**	**-21,065,589 s**	**533,484,795 s**

Date	Description	Amount (s)	Balance (s)
05 Aug	Payroll credit: Harbourfront Shipping	+2,205,779	552,715,353
	Each month Harbourfront Shipping's payroll office sends the same figure with a slip reading "as before", and each month the Bank posts it as before. The slip has been used so long that the Bank has stamped it. Ref. CIBT-3020-AB95-8		
17 Aug	Transfer to own account: Kepler Ring	-20,805,489	531,909,864
	The sum divided by two left a second over, which the two officers settled by agreeing that it belonged to neither. It has been posted to the suspense line, where it keeps company with several others of the same kind. Ref. CIBT-3020-9431-6		
22 Aug	ATM withdrawal: Kepler Ring	-172,800	531,737,064
	The machine reminds you of the quarterly draw by printing a small card on the morning it is due. The custodian carries the card to the Hall E counter by hand, out of respect for the machine's own sense of timing. Ref. CIBT-3020-9165-0		
22 Aug	Slippage fee (Kepler Ring, 1 transfers)	-900	531,736,164
	The seconds on this line have been traced to an account with no holder's name on it, which the internal audit has met before and filed under the heading it uses for that kind of thing. The fee is correct; the account is not ours to explain. Ref. CIBT-3020-158D-3		
23 Aug	ATM withdrawal: Kepler Ring	-86,400	531,649,764
	Dispensing took longer than usual because the machine read your card twice, once for each world it had been told you might be on. The second reading agreed with the first, and the withdrawal is correct. Ref. CIBT-3020-C93F-2		
31 Aug	Interest at 4.00% APY	+1,835,031	533,484,795
	Interest is rounded to the nearest second at the close of the day, and the tenths are carried to the next period, where they have gathered into a sum the officer will not name. Ref. CIBT-3020-0688-1

September 3019 August 3020

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
