Anouk Yardley
Unit 74, Pallas Ring 10

Account 8564-1690-9708
Period 1–31 January 2989
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
0 s	**+9,611,201 s**	**-1,090,653 s**	**8,520,548 s**

Date	Description	Amount (s)	Balance (s)
03 Jan	Memory Vault: box 24-017, quarter	-259,200	-259,200
	The register lists box 24-017 as opened for 5 minutes on the 3rd, and the lift log records the same 5 minutes as the lift's own descent. The auditors have cross-referenced the two, and both are correct. Ref. CIBT-2989-F404-2		
05 Jan	Payroll credit: Brymar College	+1,375,255	1,116,055
	Brymar College pays its Montréal Sector staff in days and the Bank's staff in seconds, and the two figures arrive on this statement side by side. The payroll office calls this fair, and the Bank has not been asked to say whether it is also tidy. Ref. CIBT-2989-68DC-5		
13 Jan	Transfer to joint account	-825,153	290,902
	One of you pays the transfer each month and the other checks the figure, and at the turn of each year you change places without saying so. The officer has noticed the rota and does not propose to publish it. Ref. CIBT-2989-4DFD-8		
15 Jan	Slippage fee (Montréal Sector, 7 transfers)	-6,300	284,602
	Your transfers from Hall E to Montréal Sector were held at the far relay for 29 Standard days while it waited for a clock to agree with its neighbour. The clock agreed in the end, and the seconds that waited are charged at the posted rate, not at the rate for waiting. Ref. CIBT-2989-61A7-3		
23 Jan	Deposit: Hall E	+8,235,946	8,520,548
	An earlier line described this as a deposit to 8564-5059-6379. It went to yours. The depositor wrote the account number in the wrong column of the slip, and the officers have said the column is not to blame, though they would have preferred it were. Ref. CIBT-2989-4CB1-4		
31 Jan	Interest at 3.60% APY	+0	8,520,548
	The posting of interest on the 31st was delayed while the clerk at Montréal Sector confirmed the sum by relay, twice, and then by letter, which took the figure the best part of a day to travel. It arrived with the same seconds it left with. Ref. CIBT-2989-6EE2-2		

Closing balance, month by month

Highest 8,520,549 s · lowest 8,520,548 s

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
