Date	Description	Amount (s)	Balance (s)
07 Oct	Transfer to own account: Venus	-24,790,873	599,435,236
	Each month a subscription of 0.30 s is drawn to a reading room at Hall E, whose door has been shut since 2999. The room has not written to say so, and the subscription has continued without comment, which the Bank regards as the loyalty it would like its holders to show. Ref. CIBT-3000-FDBD-7		
08 Oct	Payroll credit: Brymar College	+2,867,638	602,302,874
	The Bank has not billed for money that arrived on the office's rest day, which the office calls restful. Ref. CIBT-3000-68A9-7		
09 Oct	ATM withdrawal: Venus	-86,400	602,216,474
	Withdrawal at Venus, where the machine keeps the local day and not the branch's. The two days differ by 32 hours, so the transaction is posted on the day the machine was on, which the officer says is the only honest day to use. Ref. CIBT-3000-8EA8-1		
23 Oct	Slippage fee (Venus, 5 transfers)	-1,500	602,214,974
	Note on the file: the 5 crossings were written at the counter in the officer's hand, then keyed by a machine that read the hand as a different figure. The machine's figure was charged, the officer's was initialled, and both are kept. Ref. CIBT-3000-5956-2		
27 Oct	ATM withdrawal: Venus	-172,800	602,042,174
	The local office at Venus dates its withdrawals by its own sun, so the 27th on your receipt is a day earlier here. Interest runs from the earlier date, which the local office considers the more polite of the two. Ref. CIBT-3000-D044-5		
31 Oct	Interest at 3.60% APY	+1,872,678	603,914,852
	The auditors asked why interest on this account is paid in a different order from the rest of the ledger. The answer given in 2998 was that the account was opened first and has never been told to wait. Ref. CIBT-3000-7EA1-3

Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer.
