Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
672,784,398 s	**+4,885,991 s**	**-11,682,314 s**	**665,988,075 s**

Date	Description	Amount (s)	Balance (s)
02 May	Slippage fee (Svalbard, 4 transfers)	-3,600	672,780,798
	You have crossed to Svalbard every 38 days since 3001, always in the same second of the local morning. The relay now holds your transfer for that second, and the fee for the wait is still the fee for the crossing. Ref. CIBT-3003-D63D-9		
11 May	ATM withdrawal: Svalbard	-172,800	672,607,998
	Brymar College asked that its staff's withdrawals be kept off the statement and grouped under one heading, and the Bank agreed. Your share on the 11th was 2 Standard days and appears under that heading with the others. Ref. CIBT-3003-E4AC-1		
16 May	ATM withdrawal: Svalbard	-172,800	672,435,198
	The fraction 0.962 is held over until your next visit, when the machine will remember it and the Bank will not. The Teller regards this as the right division of labour. Ref. CIBT-3003-D9BF-9		
22 May	Payroll credit: Brymar College	+2,867,638	675,302,836
	The credit from Brymar College agrees with the advice to the second. It has been checked twice, the second check made out of boredom at the window, which is the only kind of check that is never skipped. Ref. CIBT-3003-07E8-6		
28 May	Transfer to own account: Svalbard	-11,333,114	663,969,722
	This item was posted twice on the 28th: once at the counter and once at the night safe, which had not been told the envelope was already open. One of the two has been struck. You may keep the other, and the officer asks that you do not try to keep both. Ref. CIBT-3003-71DC-7		
31 May	Interest at 3.60% APY	+2,018,353	665,988,075
	Credits arrive once a month in whole seconds, but the depositor's share of the reserve is paid out in fives. The statement shows the nearest five, and the Bank has never been asked for the difference. Ref. CIBT-3003-2EF2-7		

Closing balance, month by month

June 3002 May 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
