Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
145,772,447 s	**+2,441,295 s**	**-1,030,571 s**	**147,183,171 s**

Date	Description	Amount (s)	Balance (s)
09 May	Slippage fee (Svalbard, 5 transfers)	-1,500	145,770,947
	Each transfer is rounded to the nearest five seconds on the way out and to the nearest second on the way in. The 1,800-second difference is held in the reserve for the relay, which has not asked for it and will not be charged with it. Ref. CIBT-2995-6538-1		
19 May	ATM withdrawal: Svalbard	-259,200	145,511,747
	The machine at Svalbard gave you 0.954 day too little. You did not notice, and the Teller did not tell you. The Teller has decided it is not her place to explain this to the machine. Ref. CIBT-2995-D9A5-0		
20 May	Transfer to joint account	-597,071	144,914,676
	Each month on the 20th the joint account sends 597,071 to 8564-2532-0723, and the payment is entered as a payment. The holders have been asked which they prefer, and have said they would rather keep it as it is. Ref. CIBT-2995-4DEB-2		
26 May	ATM withdrawal: Svalbard	-172,800	144,741,876
	On Svalbard the local day begins in the middle of the night, so the withdrawal is dated the day before the one you made it. The machine knows this and does not mind. The statement does too, and is written accordingly. Ref. CIBT-2995-B276-2		
27 May	Deposit: Hall E	+2,003,978	146,745,854
	You bring each deposit in a plain envelope with your initials in the corner, and ask for the slip to be stamped on its back rather than its front. The stamp has been on the back since 2992, and the officers have stopped mentioning it. Ref. CIBT-2995-BDBD-5		
31 May	Interest at 3.60% APY	+437,317	147,183,171
	Interest is posted on the 31st of every month for the period before it. The posting has never fallen on another day, though several officers have asked for trying one. Ref. CIBT-2995-824B-1		

Closing balance, month by month

June 2994 May 2995

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
