Date	Description	Amount (s)	Balance (s)
05 Jun	Transfer to own account: Luna	-16,606,329	130,927,766
	A charge was raised twice on the 5th, once as a sundry and once as a fee. Only the sundry stands; the fee has been struck through in the ledger, in ink, as the rule requires. Ref. CIBT-2997-FEF1-7		
23 Jun	Transfer to joint account	-597,071	130,330,695
	Every quarter you send Teodor Kowalczyk a card with the amount written in your hand, and every quarter Teodor Kowalczyk sends back the same card with the amount crossed out and written again in theirs. The branch post has stopped asking which is the correct one. Ref. CIBT-2997-9B3E-2		
27 Jun	Payroll credit: the Lagrange Four Commissary	+995,119	131,325,814
	Paid from a station on the Luna ring, where the pay office works a shift ahead of the Bank's own day. The credit reached Hall E a shift early and was held for you in the night safe until the day it belonged to. Ref. CIBT-2997-A585-6		
28 Jun	ATM withdrawal: Luna	-172,800	131,153,014
	The Automated Temporal Machine at Luna is the only one on its world that pays in days rather than in coin. Depositors who use it write about it in the visitors' book, usually as though it were a privilege, and the branch has never corrected them. Ref. CIBT-2997-88AA-1		
30 Jun	Interest at 3.60% APY	+442,602	131,595,616
	Interest was worked out on the counter's abacus and then, at the customer's request, again on the terminal. The two came out a second apart, and the Bank has used the terminal's figure out of deference to the abacus. Ref. CIBT-2997-FA70-7
