Opening balance	Credits	Debits	Closing balance
12,584,940 s	**+384,941 s**	**-612,033 s**	**12,357,848 s**

Date	Description	Amount (s)	Balance (s)
03 Jun	ATM withdrawal: Vancouver Sector	-259,200	12,325,740
	At Vancouver Sector the machine's day begins when the station's ring has turned, which is some way after ours. The withdrawal made on the 3rd therefore posted on the day before it was made, and the Bank has allowed the difference. Ref. CIBT-3025-F8B5-7		
06 Jun	Slippage fee (Vancouver Sector, 8 transfers)	-4,800	12,320,940
	The slippage on the 8 crossings to Vancouver Sector fell on the same second as the Phobos Drydock remittance, so the two were charged together. Each pays its own 0.30 s, and the statement shows them on one line for reasons of space. Ref. CIBT-3025-9B7F-0		
06 Jun	New Time™ exchange	+18,581	12,339,521
	The recall fee on a holding of 18,581 was reduced because the holder had already paid a fee on it in 3023, to a branch that no longer exists. The office has no record of that fee and cannot find the branch, but it has no evidence that the fee was not paid. Ref. CIBT-3025-932C-7		
14 Jun	Deposit: Hall E	+167,966	12,507,487
	Phobos Drydock paid this deposit in days and asked that it be shown in ours, so the figure on your statement is the one Phobos Drydock would see on its own books, converted to the second. Ref. CIBT-3025-2068-0		
21 Jun	Payroll credit: Phobos Drydock	+148,055	12,655,542
	Phobos Drydock worked out the period's pay from the overtime sheet with a coffee ring over the sum, and the Bank has accepted the figure on the strength of the signature, which the file confirms is the supervisor's own. Ref. CIBT-3025-2D85-9		
21 Jun	Transfer to joint account	-88,833	12,566,709
	The Mars half of the joint account is kept on the Mars clock, so a transfer sent from Vancouver Sector on the 21st shows on the local day and on ours. Both dates are printed side by side, and neither holder has asked for either to be dropped. Ref. CIBT-3025-155D-5		
28 Jun	ATM withdrawal: Vancouver Sector	-259,200	12,307,509
	The local office at Vancouver Sector dates its withdrawals by its own sun, so the 28th on your receipt is a day earlier here. Interest runs from the earlier date, which the local office considers the more polite of the two. Ref. CIBT-3025-562E-8		
30 Jun	Interest at 4.80% APY	+50,339	12,357,848
	Your copy of this line came back with a clip that holds only the first page. The Bank does not issue clips for interest, and the officer has not been able to say whose this one is. Ref. CIBT-3025-38CC-3

July 3024 June 3025

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
