Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
11,823,205 s	**+885,051 s**	**-522,333 s**	**12,185,923 s**

Date	Description	Amount (s)	Balance (s)
10 May	ATM withdrawal: Io	-172,800	11,650,405
	You take the first and last notes from each withdrawal at Io and leave the middle one in the slot. The custodian stopped retrieving it some years ago, and the Bank now records it as a donation to the machine. Ref. CIBT-3026-C3DB-5		
11 May	Slippage fee (Io, 5 transfers)	-1,500	11,648,905
	The slippage on the 5 crossings to Io fell on the same second as the Phobos Drydock remittance, so the two were charged together. Each pays its own 0.30 s, and the statement shows them on one line for reasons of space. Ref. CIBT-3026-66A8-2		
20 May	ATM withdrawal: Io	-259,200	11,389,705
	You always take one note more than you asked for and put it back in the slot before the machine finishes counting. The machine has never once taken it, and the Bank has entered the note as a reserve in your name. Ref. CIBT-3026-5397-9		
23 May	Deposit: Hall E	+689,704	12,079,409
	Auditors' query: why is this deposit credited on a Sunday? The counter was open by special arrangement, the officer was on duty, and the holder had sealed the envelope on the Saturday and asked for it to be counted on the day the Bank keeps shut. The auditors found the request reasonable and have minuted it so. Ref. CIBT-3026-A371-3		
24 May	Transfer to joint account	-88,833	11,990,576
	The shares of the joint balance are rounded to the nearest second and not a fraction beyond it. Any odd second goes to whichever holder is named first on the mandate. Ref. CIBT-3026-DD53-3		
26 May	Payroll credit: Phobos Drydock	+148,055	12,138,631
	Phobos Drydock's auditors asked for these wages to be held for 28 days. The sum was held because the transfer had been queued behind an audit, and has now been released with the posted interest for the period. Ref. CIBT-3026-167F-1		
31 May	Interest at 4.80% APY	+47,292	12,185,923
	The interest on 8564-2007-7708 was credited a day early and then, as a precaution, credited again a day late, so that the sum is correct across the two dates. The officer says the precaution has never been needed and has never been dropped. Ref. CIBT-3026-FA10-5		

Closing balance, month by month

June 3025 May 3026

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
