Opening balance	Credits	Debits	Closing balance
33,881,176 s	**+37,357,726 s**	**-369,711 s**	**70,869,191 s**

Date	Description	Amount (s)	Balance (s)
05 Jul	Payroll credit: the Ceres Ring Assay Office	+2,396,626	36,277,802
	The Ceres Ring Assay Office has changed its name, its colour and its opinion of the Authority in the last decade, but its wage day has not moved from the last working day of the month. The payroll office describes this as the one thing it has never seen a reason to revisit. Ref. CIBT-2991-B5C0-7		
06 Jul	Temporal Health Plan	-22,311	36,255,491
	The treatment dated the 6th on your last statement was a fortnight's course, not a single visit, and the plan had read the first day as the whole. The full course is now shown, and the balance of your cover has been adjusted for the difference. Ref. CIBT-2991-B22B-5		
12 Jul	Slippage fee (London Sector, 6 transfers)	-1,800	36,253,691
	Note for the file: the 6 crossings were logged twice, first by the sender and then by the receiver, and both logs are correct. The fee follows the receiver's log, as the schedule says, and the sender's is kept under Suspense, Minor as a witness. Ref. CIBT-2991-139A-5		
14 Jul	ATM withdrawal: London Sector	-172,800	36,080,891
	You take 2 Standard days from the London Sector machine each Standard week and leave the change in the slot, where it is kept for you until the following week. The Teller has counted the change on eleven occasions and found it correct on each. Ref. CIBT-2991-A0F6-0		
17 Jul	ATM withdrawal: London Sector	-172,800	35,908,091
	The machine held your withdrawal for 29 days because the concourse's power was cut in the night, and the machine had to be re-authorised by the Head Office before it would dispense. It did so on the 17th, and the cash is dated the day it was asked for. Ref. CIBT-2991-6948-2		
24 Jul	Mech Veterans' Time Pension	+1,364,681	37,272,772
	The Ceres Ring Assay Office wishes it recorded that your pension is not a gift from the firm. The Bank wishes it recorded that it was never told so, and the top-up has been paid all the same, with thanks on both sides. Ref. CIBT-2991-5692-7		
25 Jul	Deposit: Hall E	+33,472,189	70,744,961
	The sum was sent from a Lagrange station whose clock is kept by a committee of two. The committee's readings differ by 32 seconds, and both are written on the slip, the window having chosen the later one as a matter of manners. Ref. CIBT-2991-7BC7-6		
31 Jul	Interest at 4.40% APY	+124,230	70,869,191
	A balance of 0.977 of a day earns nothing a day, and the Bank has credited the nothing on the line where it belongs, so the statement shows that the balance was seen. Ref. CIBT-2991-BB91-1		

Closing balance, month by month

June 2991 July 2991

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
