Opening balance	Credits	Debits	Closing balance
614,358,225 s	**+3,581,161 s**	**-6,014,343 s**	**611,925,043 s**

Date	Description	Amount (s)	Balance (s)
17 Jun	Slippage fee (Phobos, 1 transfers)	-600	614,357,625
	"It is not the Bank's fault," the Teller says, "that the far side keeps a different day. The Bank is only responsible for the arithmetic, and the arithmetic has been checked twice." Ref. CIBT-3002-13D7-0		
17 Jun	Temporal Health Plan	-41,760	614,315,865
	You telephone the plan before you are unwell rather than after, a habit the plan has recorded as a kindness to its own files. The file has grown thin as a result, and the plan asks that you go on as you are. Ref. CIBT-3002-5CDF-5		
20 Jun	Transfer to own account: Phobos	-5,971,983	608,343,882
	The Moon desk posts its sundries in Standard seconds at its own posted rate, which it reads out at the start of each shift so the rate is heard before it is charged. The Bank has never found the rate to disagree with its own, only the reading of it. Ref. CIBT-3002-3EBD-1		
21 Jun	Mech Veterans' Time Pension	+1,328,515	609,672,397
	The veterans' reserve pays in whole five-second units and the pension in whole sols, so every so often the two rounding rules meet in the middle. The Pensions Office has agreed that the middle is the most sensible place for them to meet. Ref. CIBT-3002-5C65-4		
30 Jun	Interest at 4.40% APY	+2,252,646	611,925,043
	The monthly fee has been waived, the Teller having decided, after a question about whether interest runs on a public holiday, that a depositor with that much curiosity had paid enough. It does run, and the Teller was pleased to say so. Ref. CIBT-3002-A4DA-7		

Closing balance, month by month

July 3001 June 3002

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
