Date	Description	Amount (s)	Balance (s)
04 Aug	Payroll credit: the Lunar Freight Co-operative	+4,968,777	642,633,487
	The Lunar Freight Co-operative has paid 4,968,777 into 8564-2177-9708 on the last working day of every month since 2986. The sum has not varied by more than the odd second, which the payroll office calls its contract with time. Ref. CIBT-2990-315B-1		
05 Aug	Slippage fee (Montréal Sector, 6 transfers)	-1,800	642,631,687
	Your employer has asked that its slippage be shown as one figure, and it has been. The figure is 0.30 s, the sum of 6 crossings each with its own fee, none of which the employer has yet seen. Ref. CIBT-2990-96B6-3		
08 Aug	Transfer to own account: Montréal Sector	-36,192,624	606,439,063
	Last quarter's sundry was described as a withdrawal from a tea account. There is no tea account; the holder's savings were called that in a joke at the counter in 2987, and the officer has removed the word from the register, though not, she says, from the holder. Ref. CIBT-2990-0007-1		
19 Aug	Transfer to joint account	-2,981,266	603,457,797
	A transfer of 2,981,266 to 8564-8103-8664 was held 29 days because the two holders' figures were correct but differed by 0.967 of a second, which the rule treats as a disagreement, and the rule was followed. Ref. CIBT-2990-7B40-3		
20 Aug	ATM withdrawal: Montréal Sector	-86,400	603,371,397
	A sum of One Standard day is drawn each month at Montréal Sector on the same card and paid out in the same whole days. The Bank has been able to predict the figure to the second for 54 years. Ref. CIBT-2990-BC46-1		
31 Aug	Interest at 4.10% APY	+2,178,687	605,550,084
	Part of this month's interest was held back while Head Office recalibrated its clock, since interest does not accrue while a clock is being set. The 31 days it was held have been paid in arrears on this line. Ref. CIBT-2990-3162-6
