Zeno Fothergill
Unit 316, Pallas Ring 10

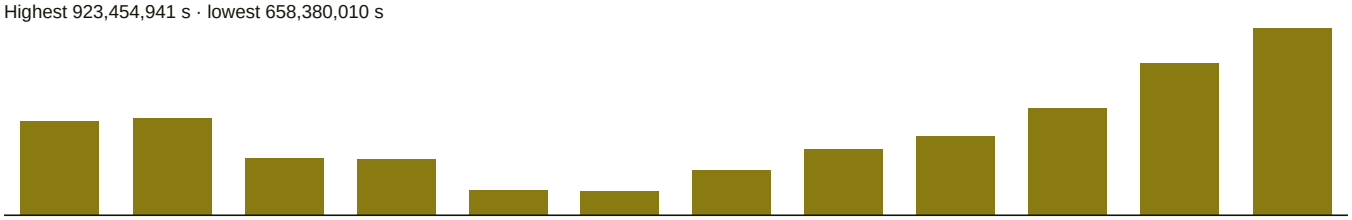

Account 8564-2177-9708
Period 1–31 December 3012
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
866,251,840 s	**+60,187,067 s**	**-2,983,966 s**	**923,454,941 s**

Date	Description	Amount (s)	Balance (s)
06 Dec	Deposit: Hall E	+52,258,597	918,510,437
	The Lunar Freight Co-operative's night-safe deposit reaches the Hall E window in a bag sealed by the firm's own clerk and opened by its auditor before it leaves the building. Both seals are kept, and the sum is counted from inside the bag, where the auditor put it. Ref. CIBT-3012-D441-9		
18 Dec	Payroll credit: the Lunar Freight Co-operative	+4,968,777	923,479,214
	The Lunar Freight Co-operative pays from a dock that keeps no day the Bank recognises. The wage arrives on the dock's own day, which the Bank converts into the nearest Standard day and sends on without comment. Ref. CIBT-3012-67F3-8		
26 Dec	Transfer to joint account	-2,981,266	920,497,948
	On Bronx Sector a joint account is opened before a witness from the local council, who confirms that both holders are present and awake. The witness has signed for every joint account at that place since 3009. Ref. CIBT-3012-48E3-6		
27 Dec	Slippage fee (Bronx Sector, 3 transfers)	-2,700	920,495,248
	Every crossing from Hall E to Bronx Sector goes the long way, through two stations whose clocks have never once agreed with each other. You pay for the detour in seconds, and the Bank considers the scenery to be included. Ref. CIBT-3012-4573-9		
31 Dec	Interest at 4.10% APY	+2,959,693	923,454,941
	The Lunar Freight Co-operative pays a small sum into this account each quarter, and the interest on it is credited the day after, so that the firm can say it has never once been late to the depositor. The depositor has never mentioned it, which the firm takes as the arrangement working. Ref. CIBT-3012-0111-3		

Closing balance, month by month

January 3012 December 3012

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
