Opening balance	Credits	Debits	Closing balance
45,471,491 s	**+3,407,817 s**	**-279,315 s**	**48,599,993 s**

Date	Description	Amount (s)	Balance (s)
09 Dec	Payroll credit: Ganymede Heights Infirmary	+459,525	45,931,016
	Wages from Ganymede Heights Infirmary for a client at Nairobi Sector are paid in the client's own unit and converted at a rate the client's office has asked us to keep private. The rate is not printed on this line, and nothing is missing from the sum. Ref. CIBT-3003-BAA2-4		
13 Dec	Deposit: Hall E	+2,823,246	48,754,262
	The handling charge on this deposit has been waived, because the notes were already flat, dry and in order. The counter treats that as a service to the staff rather than to the depositor. Ref. CIBT-3003-194A-1		
20 Dec	Slippage fee (Nairobi Sector, 4 transfers)	-3,600	48,750,662
	The auditors have checked that each second on this line was charged once, and found one that was charged twice, once on arrival and once on departure. The Bank does not regard that as a double charge, since the second was not the same second on the way back. Ref. CIBT-3003-E349-7		
28 Dec	Transfer to joint account	-275,715	48,474,947
	The joint transfer is paid in two halves, one from Ganymede Heights Infirmary and one from your own wage, and you have never asked the Bank to add them up for you. Ref. CIBT-3003-70CA-3		
31 Dec	Interest at 3.30% APY	+125,046	48,599,993
	Your interest is credited on the afternoon Ganymede Heights Infirmary pays its wages, and the two arrive in one envelope with a slip for each. The Teller has asked the firm to put the slips in separate envelopes, so that the interest does not look as though it had been earned by work. Ref. CIBT-3003-4D16-1

January 3003 December 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
