Pax Wetherby
Unit 333, Pallas Ring 10

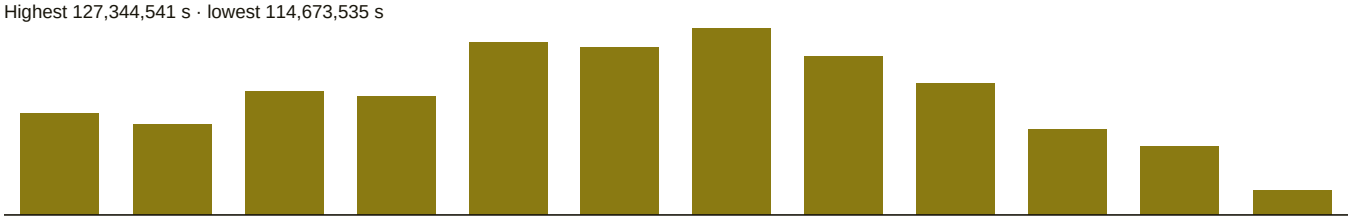

Account 8564-2680-9708
Period 1–31 July 2989
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
118,092,667 s	**+1,109,805 s**	**-4,528,937 s**	**114,673,535 s**

Date	Description	Amount (s)	Balance (s)
12 Jul	Payroll credit: Interworld Post	+716,163	118,808,830
	Wages from Interworld Post were held 28 days in a tray that had been marked for another branch, since the tray was the one nearest the door. They have been released in the order they came in, and the tray has been asked to find a label of its own. Ref. CIBT-2989-78EE-9		
20 Jul	ATM withdrawal: Kepler Ring	-86,400	118,722,430
	You leave the receipt face down on the tray, so the next customer must turn it over to read the sum. The custodian counts this as a courtesy and has never mentioned it to you. Ref. CIBT-2989-1CC7-8		
23 Jul	Transfer to joint account	-429,697	118,292,733
	The Kepler Ring half of the joint account is held in turns, and the local holder receives the transfer on the local day. The sum is the same on both sides; only the date differs. Ref. CIBT-2989-928F-3		
27 Jul	ATM withdrawal: Kepler Ring	-172,800	118,119,933
	The statement previously read 172,800 as the sum withdrawn. That was the sum requested. The sum paid was 2 Standard days, and the difference was never taken from your balance, so the figure on this line is the one to keep. Ref. CIBT-2989-0A72-8		
30 Jul	Transfer to own account: Kepler Ring	-3,840,040	114,279,893
	The officer who agreed this sundry says it is the only one she has agreed all year, and asks that the fact be kept on file in case anyone enquires. Ref. CIBT-2989-15CB-5		
31 Jul	Interest at 4.00% APY	+393,642	114,673,535
	A depositor at Hall E asked for the interest to be paid in hours rather than seconds. The teller explained that an hour is only a sum of seconds, and the depositor said he would wait for the rest of them. Ref. CIBT-2989-5D7E-5		

Closing balance, month by month

August 2988 July 2989

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
