Date	Description	Amount (s)	Balance (s)
21 Jul	Payroll credit: the Ceres Ring Assay Office	+7,849,689	3,782,991,981
	Wages from the Ceres Ring Assay Office were held for 31 days at Nairobi Sector while the employer's office confirmed the period. The period was confirmed on the 21st, and the credit has been posted from the first day of it. Ref. CIBT-3025-0B0A-9		
21 Jul	Slippage fee (Nairobi Sector, 5 transfers)	-3,000	3,782,988,981
	Monthly slippage on 5 crossings, each of the same length and each made from the same counter. The Bank has stopped comparing them one by one and now charges them in a single line, which you may find easier to read. Ref. CIBT-3025-14B4-1		
21 Jul	Transfer to own account: Nairobi Sector	-288,773,604	3,494,215,377
	Nairobi Sector charges its sundries by the length of the working shift, so a small item raised at dusk costs more than the same item raised at dawn. The Bank applies the rule without comment and asks the desk which dawn it means. Ref. CIBT-3025-068B-6		
29 Jul	ATM withdrawal: Nairobi Sector	-259,200	3,493,956,177
	The line for the 29th first carried the machine's own number in place of yours, the machine having taken the withdrawal on its own account. The line has been reissued in your name, and the machine has been asked not to hold cash on its own account again. Ref. CIBT-3025-5786-0		
31 Jul	Interest at 4.40% APY	+13,842,188	3,507,798,365
	The half-second rule is old: half up on the first working day of the month and half down on every other. This period closed on the first working day, so the odd half-second has gone to you, and the officer has noted it in the margin in pencil. Ref. CIBT-3025-FC5F-2

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
