Period 1–30 June 3003
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
133,454,900 s	**+8,833,039 s**	**-261,000 s**	**142,026,939 s**

Date	Description	Amount (s)	Balance (s)
06 Jun	ATM withdrawal: Venus	-86,400	133,368,500
	The cash in the Venus machine at close of business weighed 60 grams over the log's figure. The note count is correct, and the difference is put down to the ink on the receipts, which is said to be heavier on this world. Ref. CIBT-3003-836E-8		
10 Jun	Deposit: Hall E	+7,789,807	141,158,307
	Auditors checked the deposit against the envelope, the slip and the Teller's own count, and found that all three agreed to the second. They recorded it as a small event in an otherwise ordinary quarter. Ref. CIBT-3003-DDBC-7		
13 Jun	Payroll credit: Brymar College	+687,353	141,845,660
	Brymar College rounds each wage to the whole day and sends the leftover 0.990 as an unsigned slip in an envelope that the counter labels "change". It is the only envelope in the file that nobody has asked to see. Ref. CIBT-3003-962F-9		
21 Jun	ATM withdrawal: Venus	-172,800	141,672,860
	The 2 Standard days you drew at Venus is an advance against Brymar College's pay, authorised in writing by its payroll office and to be recovered from the next credit. Ref. CIBT-3003-59D3-7		
26 Jun	Slippage fee (Venus, 2 transfers)	-1,800	141,671,060
	Someone from the audit office stood in the Hall E clock room and took a reading from the relay. It agreed with the one in this file, and the auditors signed the sheet, which is the first time that has happened for this relay. Ref. CIBT-3003-3BEB-0		
30 Jun	Interest at 3.20% APY	+355,879	142,026,939
	You asked whether the interest should be read aloud or left on the page to be read. You chose the page, and the counter has since read it aloud to you anyway, as the page seemed to expect. Ref. CIBT-3003-2AC3-1		

Closing balance, month by month

Highest 142,026,939 s · lowest 115,074,871 s

July 3002 June 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
